FORUM

FIRST
SESSION

14:15 - 15:00

Heat stress, impacts on hatchability and bird quality

Adriano Bailos, International consultant in industrial poultry hatchery

15:00 - 15:30

Smart solutions in hatcheries integrated with avian health and industry productivity

Pedro Pierce, VSE Zone Manager for LATAM at Ceva Animal Health

15:30 - 16:00

How to achieve the best results in breeders

Cassiano Bevilaqua, Associate Director of Marketing and Technical Service LatCan in Cobb

16:00 - 16:30

Financial benefits of early feeding in Latin America

Joost ter Heerdt, Hatchtech Commercial Director

16:30 - 17:00

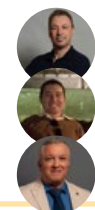

The importance of ventilation in hatcheries

Mauricio Menéndez, Hatchery Consultant at Jamesway

17:00 - 17:30

Round table Case studies

Fausto Moreno¹, Adriano Bailos² and Guillermo Reyes³

¹Incubation Manager en DIP-CMI, at DIP-CMI, the poultry division of Corporación Multi Inversiones (CMI) in Guatemala

²International consultant in industrial poultry hatchery

³Incubation Specialist at Aviagen for North America, Mexico, Central America and the Caribbean

PATHOLOGY

14:30-15:15

Salmonella and the microbiome: the perfect storm

Dr. Francisco Manzano, Manager of Nutraceuticals and Immunomodulators at Calier

15:15-16:15

Avian influenza: a permanent threat. Let's tackle it with modern strategies

Dr. Ney Hernando Morales Lopez, Manager of Biological Products for Poultry Farming, Calier

16:15-16:40

Product testimonial

Jose Alejandro Rey Rey, Owner of AVICOLA LA PAULINA S A S.

16:40 - 17:00

Round table Questions and answers

Dr. Francisco Manzano¹, Dr. Ney Hernando Morales Lopez² y Jose Alejandro Rey Rey³

¹Manager of Nutraceuticals and Immunomodulators at Calier

²Manager of Biological Products for Poultry Farming, Calier

³Owner of AVICOLA LA PAULINA S A S.

 PROCESSING

14:30-15:10

Quality and yield problems detected during broiler processing, due to formulation and raw material quality errors

Dr. Luis Miguel Gómez Osorio, Adjunct professor at the University of Antioquia in Colombia

15:10 - 15:50

Slaughter plants: basic concepts for sustainable and environmentally friendly operation

Ing. Elbio Woefray, General Engineering Manager at Meyco SR and Las Camelias S.A.

16:00 - 16:20

Growing demand demands efficient execution!

Ing. Eduardo Cervantes, Technical Director and International Poultry Processing Consultant

16:20 - 17:00

Round table

Are we prepared to process at the speed demanded by the market without losing quality?

Dr. Luis Miguel Gómez Osorio, Ing. Elbio Woefray and Ing. Eduardo Cervantes

 ANIMAL NUTRITION

14:30

Welcome

14:35 - 15:05

Mycotoxins in poultry: toxicokinetics and toxicity

Insaf Riahi, Technical Director at BIONTE Animal Nutrition

15:05 - 15:35

Economic effects of mycotoxins in poultry farming

Dr. Ricardo Rauber, Animal Health Consultant

16:00 - 16:20

Mycotoxin prevalence in Latin America

Dr. Óscar Castro, Technician Specialist in Methods Validation at BIÕNTE Nutrición Animal S.L.

16:20 - 17:00

Mycotoxin mitigation: Field experiences

Catalina Nicholls, Veterinarian and Area Manager for South America, Central America and the Caribbean at BIONTE Nutrition S.L.

WEDNESDAY 08/10

PLENARY MORNING

08:30
13:00

Room LAYING

Technical Management and Moderation
Eduardo Santos, ASGAV Brasil

8:30 - 9:15

Factors for sustainable egg production, ensuring quality and sanitation in production

Guilherme Moreira, Operations Director at Grupo Mantiqueira

9:15 - 10:00

Managing light makes a difference in egg production

Braulio J. Ruiz, Commercial Technical Manager Americas at LOHMANN Breeders

10:45 - 11:30

From farm to fork: a vision beyond origin

Diego Fernando Aldana Martínez, Technical Manager Vetanco Colombia

11:30 - 12:15

Challenges and opportunities for sustainable egg production in Latin America

Carlos Duque, Poultry sustainability consultant

12:15 - 13:00

Precision poultry nutrition: natural nutritional strategies to improve egg quality

Ekaitz Maguregui, Veterinarian and member of IGUSOL's technical team

Room MEAT POULTRY FARMING

Technical Management and Moderation
Dr. Edgar O. Oviedo Rondón, Professor and Extension Specialist in Nutrition, Health, Data Analytics and Broiler Production Chain Management in the Prestige Department of Poultry Science at North Carolina State University

8:30 - 9:15

Management of poultry shed environment in the tropics

Santiago Lovera, Technical Service Manager for South America at Aviagen

9:15 - 10:00

The water that takes care of itself: from the source to the last nipple

David García, Applied Biosafety Specialist at OneSilex

10:45 - 11:30

How to improve carcass quality: impact of field conditions

Dra. Liris Kindlein, Professor and researcher at the Department of Preventive Veterinary Medicine of the Federal University of Rio Grande do Sul (UFRGS)

11:45 - 12:15

Strategies for managing reused litter in modern poultry farming

Connie Mou, Technical Services Manager at PoultryGuard

12:15 - 12:45

The needs of modern broiler chickens

Antonio A. Duplat V., broiler and hatchery specialist at LatCan Cobb-Vantress

3 parallel rooms

Room NUTRITION

Technical Management and Moderation
Dr. Gonzalo G. Mateos, Professor of Animal Production at UP Madrid and Co-Founder of FEDNA (Spanish Foundation for the Development of Animal Nutrition)

8:30 - 9:15

Nutritional benchmarking as a tool for adjusting nutritional specifications in broiler chicken feed

Gerardo Santoma, FEDNA

9:15 - 10:00

Strategic breeder nutrition: key to maximizing day-old chick viability and performance

Leonel Mejía, Poultry Nutrition Specialist at Aviagen

10:45 - 11:30

Basis for establishing an antibiotic-free broiler production program

Dr. Suzano Medina, Animal Husbandry Veterinarian (UNAM)

11:30 - 12:15

Costs and raw materials: a changing environment

Radamés Muñoz, Vice President of Trading and Risk Management of StoneX

12:15 - 13:00

Mycotoxins between myths and realities: a science-based approach

Insaaf Riahi, Technical Director at BIONTE Animal Nutrition

WEDNESDAY 08/10 AFTERNOON

MANAGEMENT & WORKSHOP

14:15
17:30

5 parallel rooms

Room incuba FORUM SECOND SESSION

14:30 - 15:10

Methods used to evaluate broiler chick quality

Juan Carlos López, Technical Director for Central America, Caribbean and Ecuador, MSD Animal Health

15:10 - 15:40

Efficient Hatchery: comparison between single-stage and multistage systems

Rafael Lozano, Hatchery consultant at Petersime

15:30 - 16:00

Listening to the embryo prior to incubation

Guillermo Reyes, Hatchery Specialist at Aviagen for North America, Mexico, Central America and the Caribbean

16:00 - 16:30

Sexing of the future: artificial intelligence in Latin American hatcheries

Carlos Bautista, Marketing Strategy Manager & Key Account Manager LATAM at Targan Inc.

16:30 - 17:30

Round table Hatchery case studies

Juan Carlos López¹ y **Carlos Rigoberto Soto Ballesteros**²
¹Director Técnico para Centroamérica, Caribe y Ecuador en MSD Animal Health
²Incubation leader at Cargill

Room MANAGEMENT LAYING

14:30 - 15:15

Egg industry statistical reports and projections

Maro Ibarburu, Research Scientist IV at Iowa State University's Egg Industry Center

15:15 - 16:15

Management round table How to deal with generational change in our businesses

Lucas Bertachini¹, **Cristina Nagano**² y **Sr. Lorenzo Martín Martín**³
¹Founder & CEO from Tienda de huevos (Argentina)
²Owner of Granja Nagano and president of the Rural Union of Bastos
³President of the Mexican Poultry Producers Association (MPPA) and General Director at El Gran Chaparral

16:15 - 17:00

Employers' round table Building the future of Latin American eggs through partnerships

Patricio Kurte¹, **Eduardo dos Santos**², **Javier Prida**³ and **Elisa Felix**⁴
¹General Manager in ChileEggs
²ASGAV
³Executive President of CAPIA
⁴Director of Economic Studies - UNA

Room MANAGEMENT POULTRY MEAT

14:30 - 15:15

Chicken production costs. An alternative analysis

José Ignacio Barragán, Independent poultry farming consultant

15:15 - 17:00

Management round table The future of Latin American poultry farming: reinvent, adapt, or consolidate

MODERATOR
Bernardo Bocchese Gallo

Moderator:
Bernardo Bocchese Gallo, General Manager for Latin America and Canada at Cobb
Jorge Duque¹ y **Jaime Moreno** L.²
¹Chief Operating Officer, CMI-Corporación Multi Inversiones
²Operations Division Manager Avícola Sofia

 Feed manufacturing

 process optimization

Dr. Wilmer Pacheco, Associate

 Professor at Auburn University

Room WORK SHOP PATHOLOGY

Room WORKSHOP PATHOLOGY

14:30 – 15:15

 Understanding variants of

 infectious bronchitis, prevention

 and control strategies

Rodrigo Gallardo, Associate Professor

 and Head of the Poultry Medicine

 Program at the University of California,

 School of Veterinary Medicine

15:15 – 16:15

 Avian Influenza: Challenges

 and Control Strategies

Gloria Ramirez

 Associate Professor and Coordinator

 of the Laboratory of Molecular Biology

 and Virology at the Faculty of Veterinary

 Medicine and Animal Husbandry of the

 National University of Colombia

15:50 – 16:30

 Experiences and developments

 in the management and

 control of Gumboro disease

Leonardo Cotamo

 Technical Director Nacional Granjas

16:15 – 17:00

 Management round table

 Current challenges and

 control strategies

Rodrigo Gallardo¹, Gloria Ramirez²

 and Leonardo Cotamo³

¹University of California

²National University of Colombia

³Technical Director Nacional Granjas

THURSDAY 09/10

PLENARY

08:30
13:00

3 parallel rooms

THURSDAY 09/10

Room LAYING

Technical Management and Moderation
Eduardo Santos, ASGAV Brasil

8:30 – 9:00

Successful cage-free egg production: challenges in design and management

Kees Peter de Ridder, PIS technical sales advisor

9:00 – 09:30

Eubiosis in laying hen breeding: effect on productive parameters

Dr. Francisco Manzano, Manager of Nutraceuticals and Immunomodulators at Calier

9:30 – 10:00

Producers' expectations regarding the global poultry health and egg production scenario

Tabatha Lacerda, Coordinadora Técnica / ABPA

11:00 – 11:45

Optimizing egg size in laying hens

Dr. Douglas Zaviezo, international consultant in poultry nutrition

11:45 – 12:30

Animal welfare and market demands: what's next for Latin American eggs?

Rebeca Zamora, Veterinarian, professor and researcher

Room MEAT POULTRY FARMING

Technical Management and Moderation
Dr. Edgar O. Oviedo Rondón, North Carolina State University

8:30 – 9:15

Status of fertility, hatchability, and broiler production in Latin America according to genetics

Jorge Amado, Regional Technical Manager Latin America Aviagen

9:15 – 10:00

Leadership and human capital management

Lic. Diego Laham, specialist in strategic management in human resources

10:45 – 11:30

Salmonella: Still hiding in plain sight?

Dr. Alastair Thomas, Global Head Poultry Nutrition & Health at Anitox

11:30 – 12:15

From farm to slaughterhouse: comprehensive quality control strategies for ensuring safe and pathogen-free carcasses

Dr. Juan Francisco de Villena, Senior Vice President of Quality Assurance and Food Safety Wayne-Sanderson Farms

Room NUTRITION

Technical Management and Moderation
Dr. Gonzalo G. Mateos, FEDNA

8:30 – 9:15

Nutrition of long-life layer hens: new challenges

Dr. Juan Valle, Technical Sales Manager Europe/Global Technical Manager Nutrition at LOHMANN Breeders

9:15 – 10:00

Variability of ingredients and options to minimize their impact

Dr. Edgar O. Oviedo Rondón, North Carolina State University

10:45 – 11:30

New developments in broiler chicken feeding

Gonzalo G. Mateos, Professor of Animal Production at UP Madrid and Co-Founder of FEDNA (Spanish Foundation for the Development of Animal Nutrition)

11:30 – 12:15

Strategies to mitigate heat stress in broiler chickens in Latin America

Bruno Reis de Carvalho, Seara JBS - Itajaí, SC
